Roadblocks

Elected Officials

- Elected officials don't believe there are election issues in KY. They assume it is just national.

Sec of State

- SOS poisons local clerks with misinformation to prevent records requests
- SOS uses mouthpiece media to insult anyone fighting for election truth.

Data Access

- Data has been very difficult to obtain. To date, we still don't have complete voter data for all 120 counties.

Oversight Obstruction

- Primary candidate petitions to count ballots against the machine tapes have met strong resistance.
- Clerks trained how to deny records requests

We stand united against election misinformation efforts of the “Restore Election Integrity” tour.

Victories

SoS Exposure

- SOS is revealing his true colors and blowing up his reputation, even among former supporters.
- “Only trust the government, never independent sources.”
- “He sounds like a Communist!”

Media Coverage

- The Restore Election Integrity Tour resurrected cybersecurity expert (former SOS candidate cheated out of race), and got attacked so hard that news hit all over the country and continues nearly weekly.

Recount

- Against all odds, our first candidate secured a hand count of ballots in court, exposing vulnerabilities in fraud schemes.
- Another candidate is appealing with perhaps the most recognized attorney in the state.

Data & Canvassing

- After all this time, we do have at least partial data in every county.
- Some data has been analyzed for multiple issues.
- We have finally begun canvassing in a few counties.

Gerth: 2020 Election deniers are spreading innuendo and misinformation in Kentucky

A state senator and former secretary of state candidate are making election claims they don't back up.

NEWS Joseph Gerth

As it stands today, President Trump could not get elected, due to the level of potential voter fraud left unchecked. If this is not solved immediately, the **current mess will mean problems for Conservatives for generations to come.**

Thank you for your help, and remember to **vote for Stephen L. Knipper on May 21!**

Thanks,

Steve Knipper
