1. How did the county use the funds to address the pandemic?

Funds were used for a number of purposes which included communication to voters, equipment and supplies for the drive thru voting locations, ballot boxes for increased ballot return access, and protective equipment for poll workers.

2. What were some challenges and major issues the county faced in responding to the pandemic?

The greatest challenge we faced was modifying in person voting to a drive thru model. This took the greatest amount of time and resources and communication to our voters.
