Roadblocks

Apathy	Centralized System	Censorship	Data Preservation	Legal Counsel	Obstruction

• Ownership: Not having anyone in an official capacity caring enough to investigate our concerns or take a holistic view of the anomalies we found in the data and processes
• Motivation: Not having enough volunteers to keep things moving forward
• Acceptance: Candidates are not challenging results.
	• Maryland is very centralized.
	• County changes must go through State Board Elections (SBE).
	• Linda Lamone:
	  ○ Appointed for life as Director of State Board of Elections
	  ○ Board of Advisors to the EAC for the National Association of State Election Directors
	  ○ Was on the founding board of ERIC
		• Press blackout
		• Text censorship
		• Locked out of FB
			• 2020 election data preservation
			• Inquiry to State's Prosecutor – Deleted video - Pending response
				• Affordable, knowledgeable legal counsel willing to take case	• Overall corruption of elected officials - none want to look into the problems or solve them
					• Compelling a government agency to hold SBE accountable for violating state and federal laws
					• Getting reasonable explanations from SBE for anomalies found in their data and our canvassing efforts
