Figure 1 shows a schematic diagram of a three-layer system. The top layer is labeled 'Air' and contains a point source 'S'. The middle layer is labeled 'Water' and contains a point source 'S'' and a point 'P'. The bottom layer is labeled 'Sediment' and contains a point 'P''. The layers are separated by horizontal lines. The distance from S to the interface is  $r_1$ , from S' to the interface is  $r_2$ , and from P to the interface is  $r_3$ . The distance from P' to the interface is  $r_4$ .

The image shows a document page with a vertical column of 25 black squares on the left margin. The page contains 25 horizontal black redaction bars of varying lengths, covering the majority of the text. The bars are arranged in a list-like fashion, with some bars spanning the width of the page and others being shorter and indented. The redactions obscure all text on the page.
