Reason for Hope

- More supporters in key positions, more heavily committed volunteers
- Annual bad election bill had mainstream pushback in 2023 session
- Records requests now viewed as standard post-election procedures after only 2 heavy seasons

Reason for Hope: Lawsuit Success

Kentucky

- Recount #1 - Went to Court of Appeals, came back, asked Supreme Court to disqualify judge, got a fairer judge
- Recount #2 - Won at Court of Appeals, went to Supreme Court for full refund
- Open Records violations - Attorney General decisions pending, Hart machine vendor admits pushing clerks to hide pollbooks
- Just filed - JULY 21, 2023 - lawsuit appeal of Open Records denial to inspect ballots during 22-month storage

Reason for Hope: Hand Count Success

Kentucky

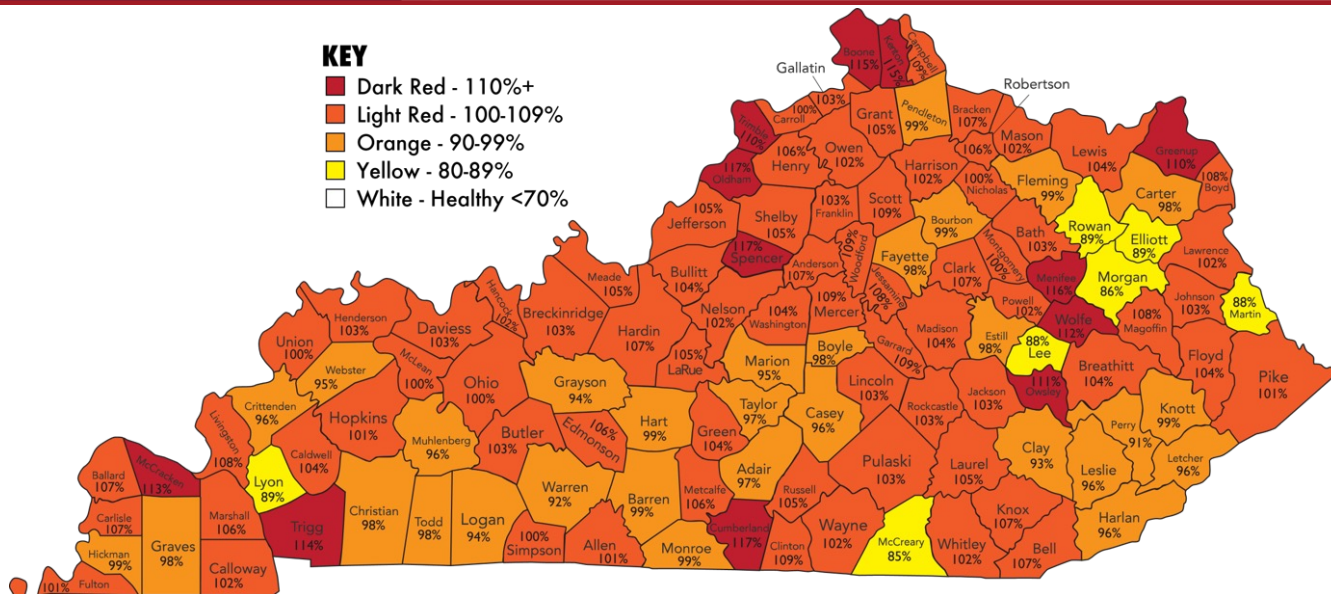

- Two more recounts after last year's first recount court battle
- One Judge decided active participation in recount was easier than pushback, ran a smooth process including calling clerk as witness to testify on missing seals
- Proven theory with hand count practice for single-race recount:
 - Estimated 300+ ballots/hr
 - Actual count 325/hr
- Comprehensive hand count legislation: new partial copycat bill has attracted new legislative support and practice audits
