

BALLOT AUDIT REVIEW MODULE

Total transparency for every cast ballot, every vote.

As the focus on transparency increases with every election, Dominion listened to the real-world customer needs and developed the most comprehensive ballot audit tool in the industry.

Dominion's Ballot Audit Review module delivers transparency through auditability for every cast ballot. Ballot Audit Review provides a side by side comparison of the full ballot image, AuditMark vote summary, any adjudication decisions, and the Cast Vote Record. Sortable by district, precinct, contest, and adjudicated ballots, users have the power to audit any election to assure the accuracy of the certified results.

Sort by district, precinct, contest, and adjudicated ballots.
