1. Identify voter integrity issues & statute violations.
2. Provide written solutions that addresses the issue (how to fix) for review & approval (include recommended statute number).
3. Submit proposal to Voter Integrity Coalition Chairman (VICC) via their legislative aid for review, consideration & editing.
4. VICC or Coalition Member submits voter integrity bill proposal for a house bill number. As soon as house bill number is assigned, VICC will notify FRA leadership so members can track bill.
5. As soon as voter integrity house bill number 0000 is scheduled to go to committee or committees, *"Assemblies Call To Action"* sends out via text & email to FRA members, partners & colleagues to call & email every state legislator that sits on the committee(s) encouraging them to support voter integrity house bill number 0000. In addition, supporters from BOTH parties must physically show up in person filling up the chamber. Minimum of TWO (2) individuals, which consist of a *"lead off & clean-up spokesman"*. *Hand out Poll Report to each state legislature sitting on the committee for review.* One spokesman focuses on the emotional rational and the other analytical rational why its important to support house voter integrity bill number 0000. Committee hearing team members must fill out speaker request form, which are read into the record and ether speak or say "Wave in Support" (or opposition) to the bill. Please note, normally you only have 3—5 minutes to make your point so plan accordingly. Once point is made, all supporters give a huge applaud. Also, every supporter addresses the committee saying *"I support house bill 0000"*, followed by huge applaud.
6. Once voter integrity house bill number 0000 passes out of committee, bill goes to the floor for a FULL body legislative vote, which at that time another *"Assemblies Call To Action"* will be sent out via text & email to FRA members, partners & colleagues to call & email every state legislator encouraging them to support voter integrity house bill number 0000. Time permitting, FRA can also organize rally in Tally to show support.
