# Explain This

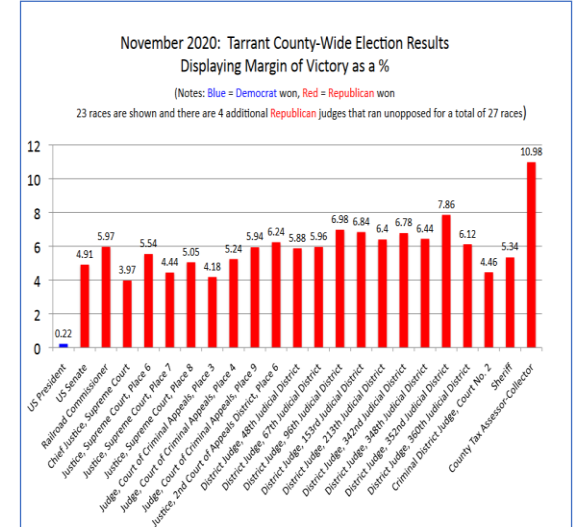

Voters report signing in on pollbooks and voting but official election results show them NOT voting

In targeted Harris County survey of 3300 homes w/6+ reg voters voting in last 2-3 elections, 49% were invalid!

County voter records differ from Texas Secretary of State records by 1% to 3%. Which do we trust?

In Tarrant County, Biden "won" by 0.2% (1.8k votes); but all down ballot races won by GOP by 5% to 10%.

# Roadblocks

## Law

- New ruling prevents State AG from pursuing election code violations without referral from local DAs (who refuse)
- Texas not following election law and SOS approving alternative procedures (eg., sequentially numbered ballots)
  - AG opinion requested but not yet provided

## Obstruction

- Texas SOS advising Election Administrators not to honor FOIA requests for CVRs – **RULING OVERTURNED by AG 8/17/2022!**
- SOS and some counties **slow or non-responsive** to FOIA requests for publicly available records
- **Excessive fees** from SOS office for statewide records (~\$1600 for list of all 17+M registered voters)
- Difficulty getting Counties and SOS to address challenged voters in a timely fashion

## GOP/Election Officials

- Belief election machines safe/convenient, do not support paper ballots/hand counting without more evidence
- Hand count resolution failed at GOP State Convention
- No authorization for Equipment Forensic Imaging
- Election officials/GOP leaders question Canvass results, assume voter memory issues, confusion or lying.

# Victories – Priorities, Law & Legislation

---

## GOP Convention – Jun '22

- **Resolution challenging legitimacy of the 2020 election and Joe Biden's presidency**
- Election Integrity top Legislative Priority
- GOP Platform includes **forensic images** of equipment & **removal of Texas from ERIC**

## Case Law Precedence

- Brownsville School Board Case - **election overturned** due to number of illegal voters exceeded margin of victory
  - New election called
  - **Sets case law precedence**

## Election Integrity Legislation

- Requirement for election reconciliation
  - Resulted in uncovering **10k uncounted Harris County 2022 Primary ballots, Election Administrator fired**
- Tightened residency requirement, including no PO Box registrations

# Victories – Grassroots Action

## Canvassing (Post Election Voter Interviews)

- Canvassed 7 Texas Counties, over **13000 doors knocked**
- **12% of registrations invalid (not living at registration address)**
- 2.7% of votes recorded came from invalid registrations

## Voter Roll Quality

- Faced w/ losing \$4M/yr in state funding for failing to maintain voter rolls, Harris County placed **141k voters in suspense**
- An additional **82,600 registrations** reviewed and **challenged** state wide

## Monitoring

- Review new registrations/votes against suspect registrations; report immediately, challenge races as necessary
- **>3k voters from ineligible addresses voted in Travis Cty Mar '22 Primary**, but challenge Denied

## Training/Organizing

- Concerted effort by state GOP, local groups to train and staff Poll Workers, Judges and Poll Watchers
- Growing community involvement at County Commissioner's Court, requesting accountability for uncertified machines.
